Pattern Notes

Pattern is worked using amigurumi method. Work sts continuously in a spiral without closing each round with ss. Mark first st of each round with stitch marker, moving it up as you go.

All parts are made separately and then assembled. Each Eye consists of three pieces. Eye Shaft is stuffed, or if you prefer controlling orientation of Eyes, pipe cleaners may be inserted. Fangs, teeth, scar and blood vessels are embroidered. Throughout pattern, leave long tail for sewing when fastening off.
